

 HURRICANE ISLAND OUTWARD BOUND SCHOOL	<i>Position: Basecamp Assistant Instructor</i> <i>Location: Wheeler Bay, Maine</i> <i>Reports to: Associate PD Sea</i> <i>FLSA: Exempt</i> <i>Update: 8 August 2017</i>
JOB DESCRIPTION	

Summary The Basecamp Assistant Instructor (BAI) is an entry level, field support and instructional role. BAIs need all the qualifications of an Assistant Instructor, and perform a multitude of instructional and course support duties, as well as assisting the logistics team. The BAI will attend staff trainings as appropriate, work with administration staff, field staff and logistical staff at the basecamp and in the field with students.

- Essential Duties and Responsibilities**
- Participate in New Staff Training and other staff training for assistant instructors.
 - Demonstrate commitment to professional growth, and developing technical, educational and interpersonal skills.
 - Assist Course Directors in their duties, including driving transports and resupplies (15-passenger vans, trucks and trailers), transporting students to medical facilities, supervising of students who are out of the field and on base. Assist with course starts, course ends, banquet and personal challenge events.
 - Assist with high-risk activities such as rock climbing, and personal challenge events.
 - Help students succeed by encouraging teamwork, cooperation, and individual effort.
 - Contribute positively to an inclusive, culturally competent and student-focused work and living environment
 - Stand ready to go into the field to replace the Assistant Instructor on a course at short notice.
 - Consistently strive to give and receive feedback with co-workers and supervisors
 - Communicate effectively, both verbally and in writing
 - Act as a role model for students, and assist field staff in ensuring that students follow behavioral expectations as outlined in the Commitment to Excellence.
 - Effectively articulate the Outward Bound mission
 - Be responsible for helping with logistical functions such as, food pack out, equipment resupply, basecamp maintenance and cleaning, gear repair and cleaning.
 - Demonstrate maturity and an ability to work well with peers.
 - Other duties as assigned.
-

- Safety & Risk Management**
- Assist Instructors and Course Directors in monitoring and assessing risks, training students to manage risk appropriately, and safely managing student well being
 - Consistently role model and teach best practices of self-care, hygiene and safety attentiveness
 - Locate and use emergency equipment and communication systems in the event of an emergency
 - Adhere to all local operating procedures, safety policies and emergency procedures outlined in the employee handbook and field staff manual
-

JOB DESCRIPTION	

communities are part of all Maine course types.

The Maine Land Program and Maine Sea Program have close ties to each other, sharing staff training responsibilities, administrative functions, and field staff.

Facilities

Wheeler Bay is located in Spruce Head, Maine – roughly 15 minutes from Rockland, ME.

The basecamp is situated on a 48-acre peninsula surrounded by woodlands, tidal flats, a mooring field and open water access to Penobscot and Muscongus Bays. The Wheeler Bay base includes a main office building with gear warehouse and logistics, a boathouse where boats are maintained, and a Staff House with full bathrooms, laundry, large kitchen and community space.

Food and Housing

- Room and board are provided during work commitments, and are available during time off in exchange for service on base each day.
 - Located adjacent to the Staff House are bunkhouse-style cabins with electricity capable of accommodating between four and six persons. There are also tent platforms for pitching personal tents.
-
